

Stigma 98
Stop Being
Facetious!!

Getting
upset
for no
reason—?

Wha...
what's
with
you—

I
just got a
feeling that
you might be
at your wife's
end.

Ah...
sorry, I'm
not really
upset.

How it's
impossible
for me if I
don't use
the Stigma.

You
should
know that,
right?

You said
it yourself
that if the shop
had to close
during this time,
we would lose
quite a number
of regular
customers.

Master
has been
hospitalised
for at least
a month
now...

A novice
like me, trying
to forcefully
reopen the shop,
and hoping to
retain all our
regular customers
within a month is
really a bit of a
stretch...

But,
but...

The world is
not a utopia.
I have been
exposed to
it and I know
it well.

You
won't
know how
things will
end up
without
trying!

.....

What would
someone who
hasn't worked
in society
before,
understand?

Well,
"normally"
...

It
can't
exist,
right...

This
mystical-
like
power...

So, what's wrong with using this power for work?

This is a power that I was born with!

And you, getting angry whenever the topic of using the Stigma comes up, but what's so bad about it!

And that your family will receive its revenue!

I had stated clearly that I will pay the rental fee of the shop to your family.

The legacy of the cake shop that Master painstakingly built will not disappear!!

*not only
can I continue
baking cakes,
but the money
that I earn from
the ladies can
be used to save
Chizuru-chan
from the hands
of Ootori!*

*As
for
me,*

This is
money
that I
earned
with my
abilities.

So
what?

Will
Chizuru-
chan be
happy if you
use this
money to
save her?

...Are you
implying that we
should turn a
blind eye to
Chizuru-chan's
unhappy
marriage?

As long as they are satisfied sexually, no one will be inconvenienced...

Those women...

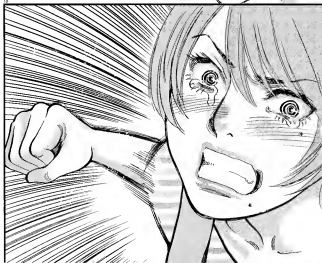

Ah...

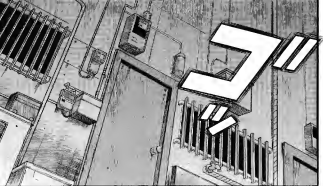

Rin...

but why
are his
eyelashes
so long...

This
brat... is
definitely
a guy.

Quit
messing
around!

Stop
being
face-
tious!!

Ow!

Ow!

Have
you had
enough...

Stop
it, you...

!!

Ouch...

*You
are too
annoying!*

*So
annoy-
ing...*

*Annoy-
ing...*

*Just
what have
you done
for this
shop?!!*
